Practice Website: www.cgmg.co.uk

The team at Central Gateshead Medical Group always aim to deliver the best for our patients. We have bright and modern facilities and are continually improving our services to benefit our patients.

How to register with the Practice

We cover the following areas, all postcodes within NE8, parts of NE9, NE10 and NE11. Please contact reception if you are unsure whether we cover your address.

From 1st January 2015 we will be able to accept new patients from any address, for example, you may work near the Health Centre but live in Newcastle. There are conditions you must agree to before we accept you as an Out of Area registration.

If your address is within our boundary you will be required to complete a registration form and a GMS1 form (available from reception & on our website), we also ask to see proof of address (a recent utility bill, bank statement, etc.)

Named Accountable GP

In accordance with NHS England requirements all patients registered at our practice are allocated to a named GP.

Please be aware that this does not affect your ability to make an appointment with any GP of your choice.

Should you express a wish for this to be changed to another GP we will do our best to accommodate your wishes.

Please ask at Reception if you wish to know who your named GP is.

Disabled Access

We are based within a modern Health Centre, access to the building and consulting rooms are suitable for wheelchair users. We have accessible WC's and disabled parking bays.

How to make an appointment

We have a 24 hour automated telephone system which enables you to book, cancel, check or change an appointment. To use this system you will need to provide the Date of Birth and Telephone number we have on file.

You can make an appointment with a doctor or nurse by either ringing the practice on 0191 4772243 or at the reception desk during opening hours. The standard appointment time is 10 minutes, please tell the receptionist if you require a longer appointment or if you require an Interpreter.

You are able to express a preference for a particular practitioner but please be aware this may mean you have to wait a few days for an appointment.

Our appointment system explained

There are 4 types of appointments:

- **Pre Bookable/Advance** – these can usually be booked upto 6 weeks in advance and tend to be early morning and late evening. These appointments are usually offered when your health problem is ongoing or non-urgent. They are ideal if you wish to see a particular doctor.

- **Same Day/Night before** – a selection of appointments are released each evening at 8:00pm for the following day and each morning at 8.30am for the same day, we do try our best to fit as many patients in as we can. These appointments tend to be used for new illnesses/conditions that are more urgent.
- **Telephone** – doctors and nurses are often able to provide advice to patients on the telephone. Please ask the receptionist who will give you an approximate time that the doctor or nurse will call you.
- **Long Term condition management** – we monitor patients who have long term conditions on a regular basis at specialist clinics. Patients with these conditions will be sent a letter inviting them to make an appointment.

Demand for same day appointments varies from day to day, often we are unable to offer all patients an appointment who ask for one. There are options available to you in the instance, please see “What to do when the Practice is closed” section.

We also offer online appointment booking – please note this service currently is only for Pre Bookable/Advance appointments with a doctor. If you are interested in this service please go to <https://patient.emisaccess.co.uk> click on Register and follow the instructions.

Home Visits

Home visits are for housebound patients living within our Practice boundary, who are not able to travel to the surgery. If you think your problem needs a doctor to visit please telephone the reception before 10:30am if possible. The receptionist will check your contact details and ask you the nature of your problem, usually a doctor will telephone you before visiting.

How to order a repeat prescription

Telephone reception between the hours of 9:30am – 6:00pm. The receptionist will need to know the name & strength of the medication you require. Sometimes the receptionist may ask you some questions, this is to assist the GP with your request. In some circumstances your request may be refused as you may be due a medication review, a member of the reception team will contact you to arrange this. It is recommended that you order your medication 3-4 working days before it is required. To avoid wastage please only order the drugs you need.

You can also order any items that are on repeat online. Please ask a receptionist for a form or go to <https://patient.emisaccess.co.uk>

Test Results

If your doctor thinks your blood, urine etc needs testing, you will be asked to make an appointment with the Health Care Assistant and your sample will be sent to the laboratory. To obtain the results please telephone reception on 0191 4772243 between 9:30am – 6:00 pm Monday – Friday.

Sometimes after reviewing your results the doctor may ask the one of the reception team to telephone you with the result or to make an appointment. The receptionist will not be able to give you more information as they are not trained to give clinical advice.

Online Services

Patients who register for online services can:

- Book an appointment
- Request a repeat prescription
- View a summary of your medical record including test results
- Update contact details

We will require 2 forms of I.D. (1 of which should be photographic) if you require access to your medical record online.

E-Consult

The practice now offers this service, it allows patients to complete a simple form online to get advice and treatment by the end of the next working day. Patients can also check their symptoms and receive on the spot medical advice and treatment guidance. This service can also be used for administration requests.

To access this service please visit our website www.cgmg.co.uk

What to do when the Practice is closed

Should you feel that your illness cannot wait until the surgery re-opens, you should call 111 for advice. Calls to the NHS 111 service are free from landlines and mobiles. The out of hours GP service is provided by GatDoc.

If your problem is an emergency or life threatening please dial 999 for an ambulance.

Gateshead Walk in Centre

This is situated at the Queen Elizabeth Hospital and can treat and advise on minor illnesses or injuries. It is open 7 days per week 7:00am – 10:00pm.

Contact Number: 0191 445 5454

Blaydon Walk in Centre - Blaydon Minor Injury and Illness Unit

This is situated at Blaydon Primary Care Centre, Shibdon Road, Blaydon, Tyne and Wear, NE21 5NW. Opening Times: Open 8am - 10pm, 7 days a week.

Contact Number: 0191 283 4600

Local Pharmacy

Your local pharmacist is an expert in the use of medicines and most pharmacies run a “Think Pharmacy First” service. They can offer a range of over the counter medicine, advice and support for a number of conditions such as:

- Coughs, colds, sore throats
- Headaches, Fever
- Stomach upsets, Diarrhoea, Constipation
- Heartburn or indigestion
- Head Lice
- Skin Conditions

For patients who are exempt from NHS prescription charges, some medicines are supplied free of charge.

Feedback about our service

We always aim to offer a friendly, caring and professional service and a high standard of health care for all our patients. We welcome feedback and value your comments and suggestions. Please get in touch and let us know your thoughts. We will endeavour to listen to your comments and act appropriately to help us deliver the best for you and your family.

A copy of our Complaints & Compliments procedure/form is available from Reception, or on our website.

If you are interested in joining our patient forum please ask a member of staff for further details.

What we expect from you

We expect all patients to be polite & courteous to our staff and other patients. We operate a Zero Tolerance Policy for verbal and physical abuse, patients who are not compliant with this may be removed from the practice register.

We also expect patients to be punctual for their appointments, if you are unable to attend please notify the reception as soon as possible so we can offer the appointment to someone else.

We expect you to inform us of any changes to your contact details.

What you can expect from us

You will be dealt with in a courteous and respectful manner. All staff have a duty of confidentiality to our patients. We will ensure patient confidentiality is maintained at all times. We will not share patient information with other agencies without the consent of the patient or when legally obliged to do so. Sometimes there may be exceptions to this for example, sharing information subject to the Child Protection Act.

For more information on how we use the information we have about you, please see our website.

Practice Services & Clinics

Ante-Natal Clinic

The community midwife usually holds 2 clinics per week (Tuesday & Thursday PM). If you have a positive home pregnancy test you can self-refer to the midwife by completing a form at Reception.

Anti-Coagulant (Warfarin) Clinic

This is held on Friday afternoons for patients who are prescribed Warfarin and need regular monitoring. This is hosted in the practice but is organised by the Pharmacist from the Queen Elizabeth hospital.

Childhood Immunisations

If your child is due an immunisation you will be sent a reminder to book an appointment from the Child Health Department, the clinic is run by the Practice Nurse and held on Tuesday mornings.

Drugs & Alcohol

The practice works closely with the Gateshead Drug & Alcohol Team. If you would like to access this service, please discuss this with one of our doctors.

Family Planning

We offer all types of contraception. Please speak to Reception to make an appointment, the receptionist may ask which method of contraception you are interested in as our Practice Nurses/Doctors specialise in different areas.

Long Term Conditions Clinics

We hold clinics for patients with Diabetes, Coronary Heart & Vascular disease, Hypertension, COPD & Asthma.

If you have been diagnosed with any of these conditions your care will be reviewed at least once per year.

Minor Surgery

We can offer certain minor surgery procedures on the practice. Please make an appointment with a GP/Nurse if you wish to be referred for minor surgery.

Physiotherapy

Patients are able to self-refer to Physiotherapy, appointments are held in the surgery 1 day per week.

Travel Immunisations

We offer a range of travel vaccinations, please book a telephone consultation with of our Practice Nurses who will advise you which immunisations you require and arrange an appointment if required.

We recommend that you make an appointment at least 8 weeks before you are due to travel.

Private Services

Not all of the Practice work is paid for by the NHS, some services must be funded privately. The fees for these services are available from Reception and on our website, they may be subject to change. Examples of private work are some holiday vaccinations, insurance applications, benefit claims and forms requiring completion and signature by a Doctor. Private medical examinations for insurance or occupational purposes must be booked and paid for in advance.

Research

Our practice is research active and is involved in a number of research projects. For further information contact the Practice

Training

We are a training practice, this means we have GP Registrars working with us. GP Registrars are fully qualified doctors undertaking further training to become GPs. The Registrars have their own surgeries but can seek advice and guidance from one of the other GPs if required.

Practice website

Our website address is www.cgmg.co.uk

Visit the website for further information about the practice and general health information.
